

GOLF PASSPORTS

EASILY PACKAGE LINKS AND GREENS FOR DISCOUNTED OR PRE-PURCHASED ROUNDS AND INCREASE REVENUE TO PARTICIPATING COURSES

If you're still trying to reach golf visitors through paper passports or advertisements, then you're playing with a handicap. Bandwango technology allows DMOs to leverage their course partners to create mobile-friendly white-labeled golf trails and passports that make teeing up easier than ever and don't require the consumer to download any bulky apps. Perfect for regional partnerships or cooperative advertising, course passports are broken up into 9-hole games or 18-hole games, so visitors can choose how they want to experience a destination's offerings.

VISITOR DATA THAT DEFINES TRUE IMPACT

Together with Bandwango, **Play in Davis County** crafted an annual passport that combined some of Utah's top golf courses into a unique trail that has allowed visitors to experience the best of the area's greens. Since its inception in May 2016, the Davis County Annual Golf Passport has provided nine courses with an additional revenue stream and created a loyal following of Utah locals and visitors from target markets like Idaho and Colorado.
